

CAMPUS EXPERIENCE

For Teens and Kids

Designed by  **FULL SAIL UNIVERSITY.**

For more 40 years, Full Sail University has been successfully educating students in entertainment, media, arts, and technology. Founded in 1979, Full Sail University began as a dream to create a place where people could learn how to take their passion for entertainment and pursue a career they love. Over the years our graduates have worked behind the scenes for many of the world's most well-known brands.

As we became successful at helping people achieve their dreams, we began thinking, "What can we, as Full Sail University, bring to the younger generation?" In 2015, we launched Full Sail Labs, a state-of-the-art educational facility, encouraging kids and teens to learn through exploration, creativity, and collaboration. As an Apple Distinguished School, Full Sail Labs offers young creators a unique educational experience centered around unlocking creativity, providing knowledge, and access to educational tools while making relevant connections to the curriculum.

Located on Full Sail University's campus, Full Sail Labs has educated more than 1,250 students through STEAM based educational experiences, including camps and workshops.

Additional Information: Training provided by Full Sail Labs is for personal enrichment and is not transferable or accredited.

Full Sail Labs

LOCATED ON FULL SAIL UNIVERSITY

- Expansive 212 acre campus
- 110+ studios and collaborative production environments
- Professional-level recording and game studios
- Spacious Hollywood-style back lot
- Multiple live venues which host events, concerts, and more.

CAMPUS AND FACILITIES

Being on campus feels more like working in a collaborative creative studio. From live venues, to production studios, to a Hollywood-style backlot, our spaces are designed for hands-on learning — giving students the environments, technology, and production tools to bring ideas to life.

OUR FLORIDA CAMPUS
Winter Park, FL

MULTI-DAY Campus Experiences

For groups of 10 or more, **Full Sail Labs** will deliver a single day or multi-day experience in various **STEAM**-related topics in areas of **entertainment, media, arts, technology, and business**. Students of any skill level will use state-of-the-art facilities and equipment to learn basic concepts or dive deeper into any single topic.

- ½ to full day experiences
- Curriculum designed by education professionals and industry experts
- Professional Development and ESL programs available

WEEK-LONG Campus Experiences

Offered throughout the year, **Full Sail Labs** will create customized 1 to 2 week experiences for groups 10 or more. These experiences can be specific to the group's needs in areas of **entertainment, media, arts, technology, and business.**

- 1 – 2 week campus experiences
- Customized Curriculum designed by education professionals and industry experts
- Leadership Development and ESL programs available

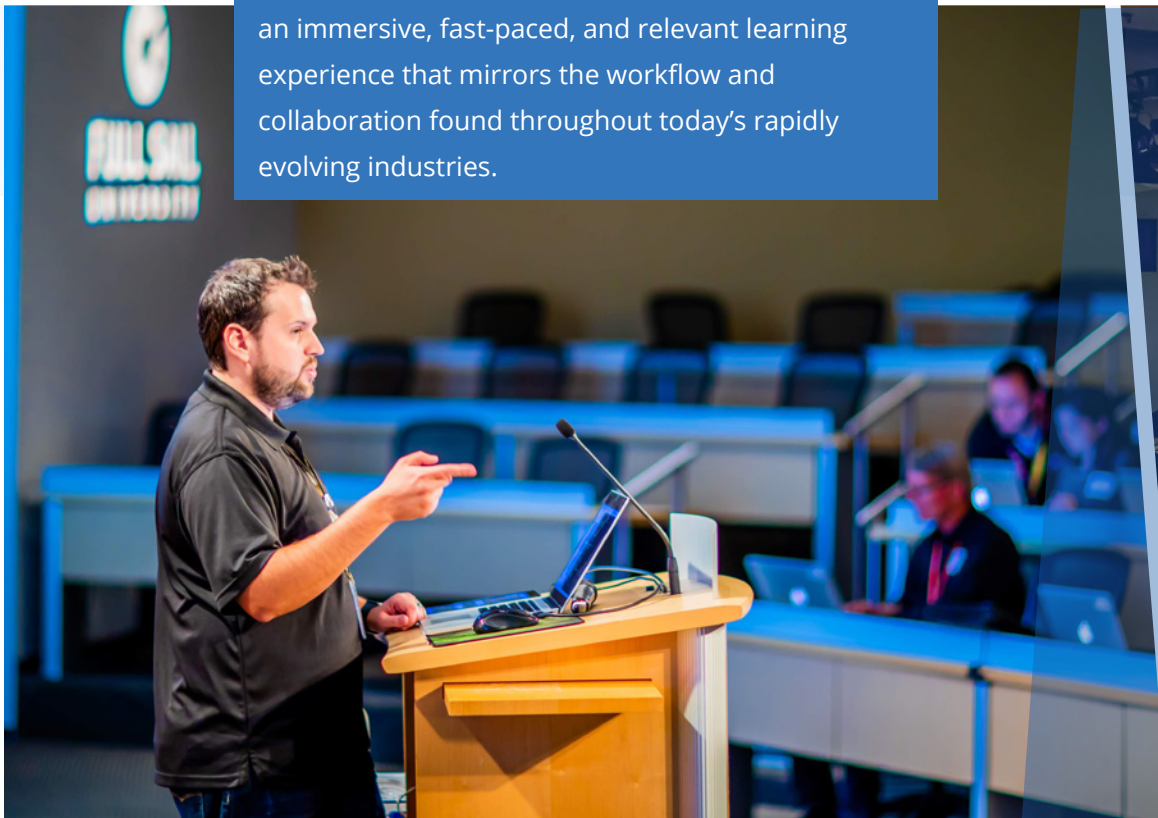

PROFESSIONAL Development

Offered on campus and online throughout the year Full Sail's free **professional development** workshops focus on either skill-based training or current **instructional strategies** that can be implemented in the classroom.

Full Sail University has a unique approach to education, so we have some differences from traditional four-year universities.

Our creative approach to education provides an immersive, fast-paced, and relevant learning experience that mirrors the workflow and collaboration found throughout today's rapidly evolving industries.
