We do this by developing unique curricula that combine elements of creativity, art, business and life skills, technical prowess, and academic achievement. Our education is delivered via immersive teaching methods, both in Full Sail's exemplary production studios and classrooms, as well as through our online learning environment.

Every one of our degree programs is designed to provide students with knowledge and extensive experience that will help them realize their career goals in the entertainment and media industry.

Since Full Sail's inception in 1979, our graduates have prepared for careers in the entertainment and media industry. Throughout the world, Full Sail graduates are employed in music recording, film production, video production, animation, sound design, web development, concert sound, concert lighting, postproduction, game design, music, interactive title development, graphic design, virtual reality and simulation, entertainment companies, and worldwide corporations. Hundreds of media businesses have been built, and GRAMMY®, OSCAR®, Emmy®, ADDY®, and Recording Industry Association of America (Gold and Platinum Records) awards have been earned by our alumni.

## Awards Granted

Most of our awards are not disclosed until graduation day. You and our graduates will learn of the honored recipients as they are announced. Certain GPA-based awards may not be available for announcement during the ceremony, but recipients will be notified afterward of their honors. Each available award is announced as the graduate walks the stage. The awards include the following:

The **COURSE DIRECTOR'S AWARD** is an honor that is bestowed upon a student who exemplifies the spirit of the class within each course. This is not necessarily the most academically prominent individual but someone who distinctly represents the class and has taken great time out to understand and enjoy the material.

The **ADVANCED ACHIEVER** is a student from a graduating degree program who has striven to achieve academic excellence and represents the graduating class. This individual puts heart and

soul into everything and is willing to extend a hand to fellow students. This individual further embodies the class spirit and is chosen by Course Directors from their degree program.

Just like a traditional university, the **VALEDICTORIAN** award is given to the graduate with the highest GPA in his or her degree program.

The **SALUTATORIAN** is the graduate with the second-highest GPA of his or her respective graduating degree program.

## Official Graduation Status

Please note that attending a graduation ceremony does not confer students their official graduation status. Prospective graduates must first meet all of their academic and financial requirements in order for Full Sail University to award official graduation status.

## Diploma Packages

Diploma packages are mailed ten weeks after graduation day. To be awarded graduate status, students must (in addition to completing academic requirements) complete the Graduate Checklist. The Graduate Checklist is to be completed no later than two weeks into the final month of their degree program. The checklist verifies a student's standing with the Library, Business Office, Student Advisor, and Financial Aid (if a federal loan was utilized). If a student does not complete the checklist, it will cause a delay in the release of his/her diploma package. Students complete Graduate Launch, which covers the checklist requirements.

### DIPLOMA FRAMES AND CLASS RINGS

## Career Development

The Career Development Department consists of these divisions:

- The **ADVISOR TEAM** consists of degree-specific advisors who work with students and graduates by assisting, supporting, and partnering with them in the pursuit of their career goals.
- The **INDUSTRY OUTREACH TEAM** focuses on the needs of each employer, establishing new relationships, maintaining old relationships, and attending industry conferences and trade shows. Frequently, they host on-site visits, tours, and presentations directly from the industry.
- The **ALUMNI NETWORK** is a global effort that combines the knowledge of the Career Development Advisor Team, the efforts of the Industry Outreach Team, and the experience of our graduates. The network hosts alumni for on-site visits and lectures, sponsors alumni events, and maintains a free online community where graduates can connect, find job postings, access career resources, and take advantage of networking opportunities.
- **CAREERSYNC** is Full Sail's job application portal for curated, industry-specific positions and a scheduling hub for personalized advising appointments with the Career Development team.

This team of 46 full-time employees is focused on the sole mission of assisting students, graduates, and employers every day. Send any Career Development inquiries to [careerdevelopment@fullsail.com](mailto:careerdevelopment@fullsail.com).
